Conclusion

The old, grumpy PIs need to organize a Ned Sherun Concert for you guys if they want CIM to be a success (can you find him on the picture?)

Final, boring comment:

- International guests: last chance to pass me the documents, I can pass them on to Vera
- Alternative: just send them to Vera via mail 😊
- Have a good last part of the meeting (some smaller individual workshops tomorrow), or/and have a good trip back!
